I reviewed and assessed the information and maps that Jay Gatten submitted to the Division on 2/09/04 and have not completely finished my assessment based on the fact I have a questions on confirming acreages in regards to the Schoo Pit, related to the map they submitted. Ed Ginuvous gps'ed the Schoo Pit at no more than 8 acres and will send us a map. We also need to keep Sitla and BLM apprised of of the bonding changes, so I asked Joelle to put a copy of Jay's submittal in the mail to Ed Ginuvous and John Blake.

I have a call into Jay Gatten to verify map acreages and complete my review. He is out of the office today 2/11/04.
